

Your dog is welcome at our Regitnig Restaurant

Our rules for a relaxed coexistence

To ensure all guests feel comfortable, please observe our little "paw rules".
Thank you for your understanding!

1. Restaurant visit

Your dog should be well socialized, friendly to people and animals, and in top health.

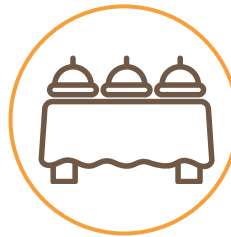

6. Please do not be dripping wet

Please rub a wet dog dry first. We'll leave wet paws and fur trails outside.

2. Quickly through the buffet area

Please lead your dog calmly and in a controlled manner through the restaurant area to your table.

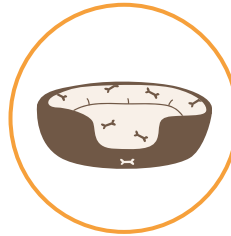

7. Buffet for two-legged creatures only

Dogs are not allowed in the buffet area.

3. Your dog's place

Your dog should lie under the table or directly next to you. This will keep the aisles clear for our service staff.

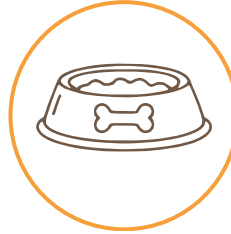

8. Relaxation instead of action

Your dog should remain calm – neither guests nor staff should be startled. Often, their own blanket or familiar basket helps.

4. No chair reservations

Chairs, benches and seat cushions are reserved for our two-legged guests.

9. Dog-friendly, but no dog canteen

No feeding in the restaurant – neither treats nor food brought from home.

5. Thirsty?

Water bowls are available for your dog. Just ask. We don't provide them in the restaurant itself.

10. No dog buggy

Dog buggies are not allowed in the restaurant or on the terrace.

With your support, dogs will remain welcome and all guests will feel comfortable. We reserve the right to cancel reservations if these rules are not followed.

Thanks ♥
